THE ALL AMERICAN HAUNTING

BOOKING GUIDE

THE ALL AMERICAN HAUNTING

Inspired by séances conducted by fraudulent Victorian mediums, The All American Haunting is a blend of Magic, Hypnosis, Hollywood Effects and Theatre.

EXPERIENCE
THE HAUNTING

Your students will flock to this mystifying evening of psychic phenomena and chilling illusions presented as an investigation into the reports of hauntings on-campus.

FREAK-UENTLY ASKED QUESTIONS

Is the show scary?

*Yes, it is a bit like a horror movie on stage.
You can expect 60 minutes of fright
featuring moments of humor and magic!*

Are there real spirits being summoned?

*No, we have never had any spirit activity
get in the way of a production
and we have no anticipation
of that changing soon.*

The Spirits prefer to watch the show in peace.

Is the show easy to produce?

*The stage version only requires a light and
sound check. The Seance Parlor version
requires extra setup like blacking out the
windows, and a PA system.*

Can this event be done for groups of over 100?

*Yes. We have a special stage
séance that can be presented to large
groups.*

Is this event safe?

*We are certified in crowd management
during emergencies and take every
precaution to ensure your student's safety.*

Can you do it multiple times?

*If you wish to have several smaller groups
instead of one large one,
that can be arranged.*

TWO WAYS TO HAUNT

TWO 60 MINUTE SHOWS TO FIT YOUR NEEDS

THE SEANCE PARLOR

An intimate experience in the round that seats 25 - 100. Take any meeting room and transform it into a Victorian séance parlor. Featuring a pitch black séance where glowing figures appear to float in the air and spirit voices answer questions about the afterlife.

STAGE SHOW

Blending mind reading, story-telling, and Hollywood special effects into a spooky spectacle, the stage version retains the best parts of The Séance Parlor and adds large scale mystery to the experience. Suitable for venues up to 1500 seats, your entire campus can enjoy this experience!

THE STORY

You heard the college was haunted, and brushed it off as superstition. However, recent supernatural activity on campus has terrorized students. The haunting is real.

To help investigate and perhaps eliminate the ghostly disturbances, Anthem and Aria have been called in. As America's top paranormal investigators, there is hope that they can supply answers and solutions.

However, when things go wrong, the investigation turns dangerous. It is up to everyone to work together to put the school's ghosts to rest with a seance.

The All American Haunting is customized for you featuring real ghost stories, on-campus legends, and a few tales made just for you.
